will do Marla. I will tap into the PR enforcement matrix, and see what pans out. please note 104 e letters need to be indexed/scanned into SDMS. Once they go out, please send copies to Rob Keating on 18 for the SDMS migration upload.

Subject: Cabo Rojo Site - dry cleaners - address/contact

There are about 8 current or former dry cleaning facilities in our area of concern in Cabo Rojo, PR that we will be sending information requests to this month.

We need address & a contact (if possible) for each.

Could you please run a few searches & see if you can fill in the blanks for just the 7 facilities highlighted in green? (The last one is really 2 former dry cleaners).

Many thanks!

Marla
